**“KazTransOil” JSC announces about the connection of newly built sections of the “Martyshi - Atyrau” trunk oil pipeline**

JSC "KazTransOil" has completed work on connecting newly constructed sections of the 0-8 km and 18-20 km pipeline to the "Martyshi – Atyrau" trunk oil pipeline with a total length of 9.3 km. Measures to replace and connect sections of the pipeline after reconstruction were carried out by employees of the Atyrau, Kulsary and Aktobe oil pipeline departments, the Department of Operation, the Main Dispatch Department of the branch "Oil Transportation Management Center of the Joint Stock company "KazTransOil", the Department of Industrial Safety, Occupational Safety and Emergency Management of JSC "KazTransOil". In total, 192 people were involved in the work and 68 units of special equipment were involved.

The project of reconstruction of sections of the main oil pipeline "Martyshi – Atyrau" is included in the Investment program of JSC "KazTransOil".

The main oil pipeline "Martyshi – Atyrau" was put into operation in 1970.
