## Report on review of interim condensed consolidated financial statements

To the Shareholders of Kcell JSC

### Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Kcell JSC and its subsidiaries (together the "Group"), which comprise the interim condensed consolidated statement of financial position as at 31 March 2021, the related interim condensed consolidated statement of comprehensive income for the three-month periods then ended, interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the three-month period then ended and selected explanatory notes ("interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with IAS 34, *Interim Financial Reporting*. Our responsibility is to express a conclusion on this interim financial information based on our review.

## Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with IAS 34, *Interim Financial Reporting*.

#### For the three months period ended 31 March 2021

#### 1. GENERAL INFORMATION

Kcell JSC (the "Company") was established as a limited liability partnership (GSM Kazakhstan OAO Kazakhtelecom LLP) on 1 June 1998 to design, construct and operate a cellular telecommunications network in the Republic of Kazakhstan, using the GSM (Global System for Mobile Communications) standard.

The Company's registered address is Samal-2, 100, Almaty, the Republic of Kazakhstan.

On 25 December 2010, the Committee of Communications, Informatization and Information under the Ministry of Investments and Development of the Republic of Kazakhstan signed an addendum to the existing GSM license, which provided the Group with a right to operate a 3G network. In December 2010, the Group launched 3G services in Nur-Sultan and Almaty. As at 1 January 2015, the Group provided all locations with a population of over 10,000 people with mobile services using UMTS/WCDMA based on the terms of the addendum.

On 27 August 2012, the Ministry of Justice registered the Company as a Joint Stock Company. Under Kazakhstani law, upon the conversion, retained earnings as at the date of the conversion became share capital of the Company and ceased to be available for distribution to shareholders.

On 13 December 2012, the Company successfully completed its offering of Global Depositary Receipts at the London Stock Exchange and common shares at the Kazakhstan Stock Exchange (hereinafter – the "KASE").

In 2016 the Group paid 26,000 million tenge for LTE radio frequencies. On 1 March 2016, the Group launched LTE in its network on the previously granted frequencies.

As at 31 March 2021 and 31 December 2020 the Company is controlled by Kazakhtelecom JSC. Kazakhtelecom JSC is controlled by the Government of the Republic of Kazakhten through Sovereign Wealth Fund "Samruk-Kazyna" JSC ("Samruk-Kazyna") which owns 51% of Kazakhtelecom's controlling shares.

As at 31 March 2021 and 31 December 2020, the shareholders of the Company are presented as follow:

	31 March 2021 (unaudited)	31 December 2020
Kazakhtelecom JSC	75.00%	75.00%
Raiffeisenbank JSC	11.56%	11.60%
Other	13.44%	13.40%
	100.00%	100.00%

As at 31 March 2021 and 31 December 2020, the Company has the following principal subsidiaries:

	31 March 2021 (unaudited)	31 December 2020
KazNet Media LLP	100%	100%
KT-Telecom LLP	100%	100%

The accompanying interim condensed consolidated financial statements include the financial statements of Kcell JSC and its subsidiaries (further referred as to "the Group").

The interim condensed consolidated financial statements were authorised for issue by the Chairman of the Management Board on 23 April 2021.

#### 2. BASIS OF PREPARATION

The interim condensed consolidated financial statements for the three months ended 31 March 2021 have been prepared in accordance with IAS 34 *Interim Financial Reporting*.

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2020 and for the year then ended. The interim condensed consolidated financial statements are presented in Kazakhstan tenge, and all amounts are rounded to nearest millions, except otherwise indicated.

#### 2. BASIS OF PREPARATION (continued)

#### Going concern

The interim condensed consolidated financial statements have been prepared on a going concern basis, which assumes continuation of the course of business, realization of assets and settlement of liabilities in the normal course of business.

#### Foreign currency translation

Transactions in foreign currencies are initially recorded by the Group entities at their respective functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are retranslated at the official rate established by the "KASE" and published by the National Bank of the Republic of Kazakhstan (the "NBRK") at the reporting date. All differences are recognized in the interim condensed consolidated statement of comprehensive income.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

The following table summarises the foreign currency exchange rates for tenge:

	31 March 2021	31 December 2020
US dollar	424.34	420.71
Euro	498.13	516.13
Russian ruble	5.59	5.65

#### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### New and amended standards and interpretations

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2020, except for the adoption of new standards effective as at 1 January 2021. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Several amendments apply for the first time in 2021, but do not have an impact on the interim condensed consolidated financial statements of the Group.

#### Interest Rate Benchmark Reform – Phase 2: Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16

The amendments provide temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR). The amendments include the following practical expedients:

- A practical expedient to require contractual changes, or changes to cash flows that are directly required by the reform, to be treated as changes to a floating interest rate, equivalent to a movement in a market rate of interest;
- Permit changes required by IBOR reform to be made to hedge designations and hedge documentation without the hedging relationship being discontinued;
- Provide temporary relief to entities from having to meet the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component.

These amendments had no impact on the interim condensed consolidated financial statements of the Group as it does not have any interest rate hedge relationships. The Group intends to use the practical expedients in future periods if they become applicable.

#### 4. SEGMENT INFORMATION

The Group's main operations are concentrated in the Republic of Kazakhstan and are mainly represented by provision of mobile communication services. The Group identifies the segment in accordance with the criteria set in IFRS 8 *Operating Segments* and based on the way the operations of the Group are regularly reviewed by the chief operating decision maker to analyse performance and allocate resources among business units of the Group.

The Group's Chairman of the Management Board has been determined as the chief operating decision-maker ("CODM"). The CODM reviews the Group's internal reporting in order to assess performance and allocate resources. Segment performance is evaluated based on operating profit or loss and is measured consistently with operating profit or loss in the consolidated financial statements prepared in accordance with IFRS. Management has determined a single operating segment being mobile communication services based on these internal reports.

### 5. SHARE CAPITAL AND EARNINGS PER SHARE

Share capital of the Group is as follows:

	31 March 2021		31 Decemb	er 2020
	Number of		Chara	Number of
	Share	shares	Share	shares
Kazakhtelecom JSC	75.00%	150,000,000	75.00%	150,000,000

				794	23,354

The Group's borrowings are denominated in Kazakhstani tenge and represented by unsecured loans and bonds. The borrowings have financial and non-financial covenants. Breaches in meeting the covenants would permit the banks to immediately call loans and borrowings. As at 31 March 2021, there have been no breaches of the covenants.

The Group has not entered into any hedging arrangements in respect of its interest rate exposures.

On 23 April 2020, the Group obtained loan in the amount of 15,000 million tenge within credit line agreement with Halyk Bank of Kazakhstan JSC with a maturity of 36 months and a fixed interest rate of 11.5% per annum. On 14 July 2020 interest rate of loan was decreased from 11.5% to 11.2% per annum under credit line agreement. The change in the interest rate from does not represent a substantial modification as in accordance with IFRS 9 and thus, it did not lead to the derecognition of the original liability. Consequently, in 2020 the Group recognized finance income in the amount of 115 million tenge as a result of change in the interest rate. On 24 February 2021 the Group obtained two loans in the amount of 2,100 million tenge and 4,900 million tenge from Halyk Bank JSC within the same credit line agreement.

### 12. BORROWINGS (continued)

During 2019 and 2020, the Group obtained loan in the amount of 11,000 million tenge within credit line agreement with Bank of China Kazakhstan JSC with a repayment period of 30 months and a fixed interest rate of 10.5% per annum. On 14 October 2020 the Group has signed addendum to loan agreement with Bank of China to decrease interest rate from 10.5% to 10.3% per annum under credit line agreement. The change in the interest rate does not represent a substantial modification as in accordance with IFRS 9 and thus, it did not lead to the derecognition of the original liability. Consequently, in 2020 the Group recognized finance income in the amount of 33 million tenge as a result of change in the interest rate. The loan is secured by the financial guarantee provided by Kazakhtelecom JSC, the parent company. The Group considers the financial guarantee provided by the parent to be an integral part of the loan, and therefore does not recognize the guarantee received separately in its interim condensed consolidated financial statements.

On 15 October 2020 the Group signed credit line agreement with VTB Bank JSC for the amount of 6,000 million tenge at fixed interest rate of 10.7% per annum. On 28 October 2020 the Group obtained loan in the amount of 6,000 million tenge within the credit line agreement with VTB Bank JSC with maturity till October 2023 at interest rate 10.7% per annum. On 31 March 2021 the Group signed an additional agreement with VTB Bank JSC to increase the amount of the credit line from 6,000 million tenge, and obtained 1,000 million tenge with a maturity until 15 October 2023 and an interest rate of 10.7% per annum.

On 8 January 2021 the Group partially repaid the principal of the loan obtained from Eurasian Development Bank JSC in the amount of 12,000 million tenge.

On 21 February 2019, the Group undertook a bond placement at the Kazakhstan Stock Exchange, in which bonds to the value of 17,025 million tenge were placed with investors at a yield of 11.5% per annum and on 16 January 2018 a bond placement with the value of 4,950 million tenge at a yield of 11.5% per annum. On 26 January 2021, in accordance with schedule, the Group fully repaid bonds in the amount of 23,005 million tenge, including the principal portion in the amount of 21,754 million tenge and accrued interest in the amount of 1,251 million tenge.

#### 22. COMMITMENTS AND CONTINGENT LIABILITIES

#### **Operating environment**

Kazakhstan continues economic reforms and development of its legal, tax and regulatory frameworks as required by a market economy. The future stability of the Kazakhstan economy will largely depend on these reforms, as well as on the effectiveness of the Government's actions in the area of economy, financial and monetary policy.

#### Coronavirus pandemic and market conditions

The coronavirus pandemic left its mark on 2020 and continues to have impact in 2021, requiring businesses to limit or suspend operations and implement restrictions. Thus, on 20 March 2021 chief state sanitary doctor of Almaty city introduced new quarantine period from 21 March 2021 till 28 March 2021, which subsequently was extended till 5 April 2021. The measures taken to contain the virus have adversely affected operations activity and disrupted many businesses resulting in significant economic downturn in the markets. As the outbreak continues to progress and evolve, it is extremely challenging to predict the full extent and duration of its impact on the Group's businesses.

Whilst the Group's business model is more resilient than many others, it is not immune to the challenges. The Group is experiencing a direct impact on roaming revenues from lower international travel and also expect economic pressures to impact customer revenues over time. However, there is significant increases in data volumes and further improvements in loyalty, as customers place greater value on the quality, speed and reliability of the Group's networks.

The Group's investments in the network infrastructure have paid off throughout the pandemic: networks were running stably even under substantially higher loads. The Group fulfilled its responsibility as an employer by introducing comprehensive rules and protective and supportive measures to help employees work from home while continuing to safeguard service for customers in parallel. At sites and in stores, the Group rolled out strict hygiene and safety measures with the support of hygiene experts.

Based on information available as at 31 March 2021, the management of the Group believes that there were no impairment indicators of its long-term assets. While it is impossible to quantify the long-term impact of the coronavirus pandemic, the Group expects to see appreciable effects on the economy as a whole, while on the other, the pandemic has given a boost to the digitalization trend, which would contribute strengthen the role of the companies in telecommunications and IT sector, and will give impetus to the development of technologies and communication networks.

#### 22. COMMITMENTS AND CONTINGENT LIABILITIES (continued)

#### **Capital commitments**

The Group generally enters into contracts for the completion of construction projects and purchase of equipment. As at 31 March 2021, the Group had contractual commitments totaling 5,323 million tenge, excluding VAT (unaudited) (as at 31 December 2020: 4,375 million tenge, excluding VAT).

#### Taxation

Tax legislation and regulatory framework of the Republic of Kazakhstan are subject to constant changes and allow for different interpretations. Instances of inconsistent opinions between local, regional and national tax authorities are not unusual. The current regime of penalties and interest related to reported and discovered violations of Kazakhstan's tax laws are severe. Penalties are generally 80% of the taxes additionally assessed and interest is assessed at the refinancing rate established by the National Bank of the Republic of Kazakhstan multiplied by 1.25. As a result, penalties and interest can amount to multiples of any assessed taxes. Fiscal periods remain open to review by the authorities in respect of taxes for five calendar years preceding the year of review.

Because of the uncertainties associated with Kazakhstan's tax system, the ultimate amount of taxes, penalties and interest, if any, may be in excess of the amount expensed to date and accrued at 31 March 2021. Management believes that as at 31 March 2021 its interpretation of the relevant legislation is appropriate and that it is probable that the Group's tax positions will be sustained, except as provided for or otherwise disclosed in these interim condensed consolidated financial statements.

#### Tax risks assessment

For the three month ended 31 March 2020, the Group recognised income from reversal of the tax and related fines and penalties provision in the amount of 12 million tenge recognized due to expiration of the limitation period for tax liabilities.

For the three month ended 31 March 2020, the Group recognised income from reversal of provision in the amount of 480 million tenge, which represents recalculation of the tax risk provisions for VAT and PIT recognized by the Group in previous years. As a result, for the three month ended 31 March 2020, the Group recognized income from reversal of provision on VAT and personal income tax in the amount of 257 million tenge and 211 million tenge, respectively. In addition, in the interim condensed consolidated statement of comprehensive income for the three month ended 31 March 2020 the Group recognised reserve on CIT expenses in the amount of 488 million tenge (*Note 19*).

#### New technical regulations

Order No. 91 of the Committee of the National Security dated 20 December 2016 on approval of the *Technical Regulations General Requirements to the Telecommunication Equipment in Ensuring Conducting of Operative Search Measures, Collection and Storage of Subscribers' Information* was published on 7 February 2017 and came into force on 8 February 2018. According to the new regulations, there are additional requirements to the telecommunication equipment that include expansion of technical capabilities of equipment to conduct operative search activities, collection and storage of subscribers' information (hereinafter – "ORA"). Currently, the Group is in the process of modernization of the telecommunication equipment of the Kcell's network in order to comply with the requirements of the Technical Regulations. The Group plans to complete modernization by the end of November 2021 and total amount of capital expenditures is expected to amount to 5,677 million tenge. As of 31 March 2021 capital expenditures incurred by the Group equaled to 3,490 million tenge.

#### **Customs inspection**

On 13 September 2019, the Customs Control Department ("CCD") of Almaty issued an order on initiation of custom audit in relation to the Group's operation for the period 2014-2019. CCD examines the Group's tax reporting documents for the purpose of the revealing of violations on incorrect determination of the customs value of goods and its incorrect classification. On 9 October 2019, CCD suspended the custom audit to allow the Group to prepare required documents. On 9 September 2020, the Group provided the entire package of documents requested by the CCD, which are currently being examined by the auditors of CCD. The ongoing custom audit is related to the revealing of violations of customs regulations, incorrect determination of the customs value of goods, and if violations are identified, the Group may be brought to administrative penalty and be liable to pay appropriate customs charges, including import VAT and late payment fees. On 15 October 2020 the Customs Control Department issued the notice to postpone the customs inspection of the Group for an indefinite period. The Group estimated probability of the outflow of resources embodying economic benefits as probable and accrued provision on additional charge, fines and penalties in the amount of 701 million tenge.

### 23. SEASONALITY OF OPERATIONS

The Group's services are impacted by seasonal trends throughout the year. Revenue and operating profits in the seconds half of year are usually expected to be higher than in the first six months. Higher revenue during the period from July to September is mainly attributable to increased demand for telecom services during the peak holiday season. Higher revenue also occurs in the months of December, due to increased demand for telecom services and equipment from subscribers.

This information is provided to allow for a better understanding of the Group's results; however, management has concluded that these impacts on the results are not "highly seasonal" as considered by IAS 34.
