36 Additional Information:

The provisions set out in Annexes A, B and C shall apply to the Terms and Conditions in accordance herewith.

In addition, potential investors should note the additional risk factors set out below. These risk factors do not constitute any form of advice and potential investors should seek their own independent advice with respect to investing in the Notes.

Liquidity and Secondary Market Risks

The Notes will not be actively traded in any financial market and there may exist at times only a very limited, if any, market for the Notes, resulting in low or non-existent volumes of trading in the Notes. Therefore, an investment in the Notes will be characterised by a lack of liquidity and price volatility. Although the Issuer or the Dealer, at its respective sole discretion, may provide a repurchase bid price for the Notes if requested, neither the Issuer nor the Dealer is under any obligation to do so and, in any event, as a result of market conditions may be unwilling or unable to provide a repurchase bid price if requested. Because liquidity in the Notes may be effectively limited to Issuer repurchase, an investment in the Notes is intended for Noteholders that intend

to hold the Notes to maturity.

The Notes are intended to be a hold-to-maturity instrument. If Noteholders sell their Notes in the secondary market prior to maturity they will not receive principal protection or any minimum total return on the portion of their Notes sold. Noteholders should be willing to hold their Notes until maturity. Noteholders will receive 100% of the outstanding nominal amount as set out in Annex A hereto (“**Outstanding Nominal Amount**”), subject to Annex A and B, of the Notes only if they hold their Notes to maturity.

Risks relating to Specified Currency routed through a clearing system

As set out in Annex B.

Risks relating to payment

Under Kazakhstan legislation on securities market, a nominee holder with the right to register securities transactions must keep its own financial instruments and funds separately from the financial instruments and funds of its clients.

In relation to financial instruments, the KCSD allows for an indefinite number of segregated client sub-accounts to be opened under the account of the nominee holder in the KCSD system. Thus, a nominee holder can ensure separate safekeeping of client financial instruments.

However, in relation to clients' funds kept by a nominee holder, the relevant KCSD regulations stipulate that the nominee holder shall be entitled to maintain only one bank account for safekeeping of its clients' funds. That is, the account of the nominee holder where clients' funds are pooled is a consolidated bank account with no segregation into clients' sub-accounts. There is a risk therefore that clients' funds kept by a nominee holder may be inaccurately accounted due to the pooling of all such funds into one single bank account at the KCSD. There is also a risk that any payment shortfall in the pooled client account is compensated by recovering the shortfall pro-rata from all other funds held in that account.

All payments in respect of the Notes will be made in KZT, subject to the occurrence of a Settlement Disruption Event and will in all cases be subject to any fiscal or other laws applicable thereto.

If the Calculation Agent determines (in its sole discretion acting in good faith and in a commercially reasonable manner) that a Settlement Disruption Event has occurred and is subsisting during a Determination Period:

- A. The Calculation Agent shall notify the Issuer and the Agent of its determination as soon as practicable after making such determination (but in no event later than 11:00 a.m. London time one (1) Business Day after the last day of the relevant Determination Period) whereupon the Agent shall as soon as practicable thereafter (but in no event later than one (1) Business Day after receipt of the aforementioned notice from the Calculation Agent) notify the Noteholders thereof (in accordance with Condition 13 of the Notes), and
- B. Noteholders will not be entitled to any amounts in respect of the Notes until the earlier to occur of (i) the day falling two Business Days after the day on which the Issuer is notified by the Calculation Agent that the relevant Settlement Disruption Event no longer subsists and (ii) the relevant Postponed Fixed Interest Date, the Postponed Maturity Date, or the Postponed Early Redemption Date, as the case may be.

If a Settlement Disruption Event no longer subsists, on or before 5:00 pm London time on the fourth Business Day preceding the relevant Postponed Fixed Interest Date, the Postponed Maturity Date, or the Postponed Early Redemption Date (as the case may be) the Calculation Agent shall notify the Issuer and the Agent thereof as soon as practicable on or after the Business Day on which such Settlement Disruption Event no longer subsists (but in no event later than one (1) Business Day thereafter) whereupon the Agent shall as soon as practicable thereafter (but in no event later than one (1) Business Day after receipt of the aforementioned notice from the Calculation Agent) notify the Noteholders thereof (in accordance with Condition 13 of the Notes).

If any amount is to be paid on a Postponed Fixed Interest Date, Postponed Maturity Date or Postponed Early Redemption Date (as the case may be), regardless of whether a Settlement Disruption Event is still subsisting at such time, payment shall be made in United States Dollars (“USD”) and shall be calculated by the Calculation Agent (and promptly notified to the Agent and the Issuer (but in no event later than two Business Days before the relevant Postponed Fixed Interest Date, the Postponed Maturity Date or the Postponed Early Redemption Date (as the case may be))) in an amount per Specified Denomination which shall be produced by the following provisions, such amount to be rounded to the nearest whole cent (with USD 0.005 being rounded upwards):

$$\text{Relevant KZT Amount} \div \text{Reference Rate}$$

For the avoidance of doubt, no additional amounts shall be payable by the Issuer in respect of any delay in payment beyond any of the originally scheduled Fixed Interest Date, Maturity Date, or as the case may be, Early Redemption Date (in each case, as adjusted, if appropriate, in accordance with the Modified Following Business Day Convention) to the relevant Postponed Fixed Interest Date, Postponed Maturity Date or Postponed Early Redemption Date (as appropriate) because of the operation of the provisions of this Annex.

If, following a determination by the Calculation Agent (in its sole discretion acting in good faith and in a commercially reasonable manner) that a Settlement Disruption Event has occurred during a Determination Period and that it subsists at 5:00 pm London time on the fourth Business Day preceding the relevant Postponed Fixed Interest Date, the Postponed Maturity Date, or the Postponed Early Redemption Date (as the case may be), then any amount payable shall be made in USD in accordance with the provisions set out above.

For the purposes of these provisions:

“Best Execution Rate” means the rate at which the Issuer may execute a transaction for the sale of the Reference KZT Amount and the purchase of US Dollars at or about 11:00 am London time on the day falling two Business Days prior to the relevant Postponed Fixed Interest Date, the Postponed Early Redemption Date (if any) or the Postponed Maturity Date (as the case may be) for settlement the date that is falling two Business Days thereafter where the resultant US Dollar amount is greater than the sum calculated using a Reference Rate that is an arithmetic mean of firm quotations by Reference Dealers calculated as specified below.

“Business Day” means any day excluding Saturday and Sunday on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in Almaty, London and New York City;

“Calculation Agent” means JSC “Tengri Partners Investment Banking (Kazakhstan)” in accordance with the provisions of the Calculation Agency Agreement entered into between the Issuer and the Calculation Agent dated 10 November 2022 (as amended and/or supplemented from time to time). “Determination Period” means (i) in relation to any Fixed Interest Date, the period which falls between ten and three Business Days (inclusive) preceding the relevant Fixed Interest Date, as adjusted in accordance with the Modified Following Business Day Convention; (ii) in relation to the Maturity Date, the period which falls between ten and three Business Days (inclusive) preceding the Maturity Date, as adjusted in accordance with the Modified Following Business Day Convention; and (iii) in relation to any Early Redemption Date the period which falls between ten and three Business Days (inclusive) preceding any Early Redemption Date, as adjusted in accordance with the Modified Following Business Day Convention, as the case may be;

The highest and lowest of such quotes will be disregarded and the arithmetic mean of the remaining quotations shall be the Reference Rate, provided, however, that if fewer than five (but at least two) Reference Dealers provide such a firm quote then the arithmetic mean of the quotes actually obtained shall be the Reference Rate. If only one Reference Dealer provides a firm quote then such quote shall be the Reference Rate, and if no Reference Dealer provides such a firm quote, then the Calculation Agent shall determine the Reference Rate in its sole discretion, acting in good faith and in a commercially reasonable manner, which may result in a USD equivalent amount calculated as above to be zero. Notwithstanding the above, if the Issuer executes a transaction for the sale of the Reference KZT Amount at or about 11:00 am London time at the Best Execution Rate, then such Best Execution Rate shall be the Reference Rate;

“Reference KZT Amount” means an amount that is no greater than the Relevant KZT Amount multiplied by N, where “N” means the number obtained by dividing the Outstanding Nominal Amount by the Outstanding Specified Denomination;

“Relevant KZT Amount” means the KZT amount specified in Annex A which would have been payable on the relevant date if a Settlement Disruption Event had not occurred; and
