## Eurasian Natural Resources Corporation PLC

### MMK Contract Update

London – Eurasian Natural Resources Corporation PLC ('ENRC' or, together with its subsidiaries, the 'Group'), today provides an update to the market on its renegotiated iron ore supply contract with Magnitogorsk Iron and Steel Works OJSC ('MMK') for 2012. The revised contract is in line with regional CIS pricing, which is currently at approximately a 15% discount to world FOB prices based on the Platts system. ENRC has agreed to supply MMK with a minimum of 8 million metric tonnes in 2012. Following the amendment of the terms of its contract with MMK, ENRC has ceased the previously mentioned arbitration process seeking compensation from MMK for not fulfilling their previous contractual obligations.

Felix J Vulis, Chief Executive Officer, said: *"We have a close and supportive relationship with MMK and this is reflected in the revised iron ore supply agreement, in light of the current period of market volatility and economic uncertainty. We expect the Group's Iron Ore Division to operate at effective full capacity during 2012."*
