GENERAL INFORMATION

IBRD's most recent Information Statement was issued on September 24, 2019.

USE OF PROCEEDS

Supporting sustainable development in IBRD's member countries

The net proceeds from the sale of the Notes will be used by IBRD to finance sustainable development projects and programs in IBRD's member countries (without being committed or earmarked for lending to, or financing of, any particular projects or programs). Prior to use, the net proceeds will be invested by IBRD's Treasury in accordance with IBRD's liquid asset management investment policies. IBRD's financing is made available solely to middle-income and creditworthy lower-income member countries who are working in partnership with IBRD to eliminate extreme poverty and boost shared prosperity, so that they can achieve equitable and sustainable economic growth in their national economies and find sustainable solutions to pressing regional and global economic and environmental problems. Projects and programs supported by IBRD are designed to achieve a positive social impact and undergo a rigorous review and internal approval process aimed at safeguarding equitable and sustainable economic growth.

IBRD integrates five cross cutting themes into its lending activities helping its borrowing members create sustainable development solutions: climate change; gender; jobs; public-private partnerships; and fragility, conflict and violence.

IBRD's administrative and operating expenses are covered entirely by IBRD's various sources of

revenue (net income) consisting primarily of interest margin, equity contribution and investment income (as more fully described in the Information Statement).

SUPPLEMENTAL PROSPECTUS INFORMATION

Dealers are represented by Sullivan & Cromwell LLP. From time to time Sullivan & Cromwell LLP performs legal services for IBRD.

SUPPLEMENTAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

You should carefully consider the matters set forth under “Tax Matters” in the accompanying Prospectus. The following discussion supplements the section “Tax Matters” in the accompanying Prospectus and is subject to the limitations and exceptions set forth therein. The following section applies to you only if you are a U.S. Holder (as defined in the accompanying Prospectus), you acquire your Notes on the issue date and you hold your Notes as a capital asset for tax purposes.

You should consult with your own tax advisor concerning the consequences of investing in and holding the Notes in your particular circumstances, including the application of state, local or other tax laws and the possible effects of changes in federal or other tax laws.

Upon a sale or retirement of the Notes, a U.S. Holder will generally recognize capital gain or loss equal to the difference, if any, between (i) the amount realized on the sale or retirement (other than amounts attributable to accrued but unpaid interest, which would be treated as such) and (ii) the U.S. Holder’s adjusted tax basis in the Notes. A U.S. Holder’s adjusted tax basis in the Notes generally will equal the cost of the Notes to the U.S. Holder. Capital gain of individual taxpayers from the sale or retirement of the Notes held for more than one year may be eligible for reduced rates of taxation. The deductibility of a capital loss is subject to significant limitations.

Information with Respect to Foreign Financial Assets. Owners of “specified foreign financial assets” with an aggregate value in excess of US\$50,000 (and in some circumstances, a higher threshold) may be required to file an information report with respect to such assets with their tax returns. “Specified foreign financial assets” may include financial accounts maintained by foreign financial institutions (which may include the Notes), as well as the following, but only if they are held for investment and not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-U.S. persons, (ii) financial instruments and contracts that have non-U.S. issuers or counterparties, and (iii) interests in foreign entities. Holders should consult their tax advisors regarding the application of this reporting obligation to their ownership of the Notes.

Medicare Tax. A U.S. Holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, is subject to a 3.8% tax (the “**Medicare tax**”) on the lesser of (1) the U.S. Holder’s “net investment income” (or “undistributed net investment income” in the case of an estate or trust) for the relevant taxable year and (2) the excess of the U.S. Holder’s modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals is between US\$125,000 and US\$250,000, depending on the individual’s circumstances). A U.S. Holder’s net investment income will generally include its gross interest income and its net gains from the disposition of Notes, unless such interest payments or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a U.S. Holder that is an individual, estate or trust, you are urged to consult your tax advisors regarding the applicability of the Medicare tax to your income and gains in respect of your investment in the Notes.
