Report on review of interim condensed consolidated financial statements

To the Shareholders of Kazakhtelecom JSC

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Kazakhtelecom JSC and its subsidiaries (together the "Group"), which comprise the interim condensed consolidated statement of financial position as at 30 June 2021, the related interim condensed consolidated statement of comprehensive income for the three and six-month periods then ended, interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the six-month period then ended and selected explanatory notes ("interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with IAS 34, *Interim Financial Reporting*. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with IAS 34, *Interim Financial Reporting*.

The Company and its subsidiaries listed in *Note 2* (hereinafter collectively referred to as the “Group”) have a significant share of the fixed line and mobile communication markets, including local, long-distance intercity and international telecommunication services including CIS and non-CIS countries; leases out lines and provides data transfer services, sells mobile devices and provides other telecommunication services.

The interim condensed consolidated financial statements of the Group were authorised for issue by the Chief financial officer and the Acting chief accountant on behalf of the Management of the Company on 9 August 2021.

2. BASIS OF PREPARATION

The interim condensed consolidated financial statements for the six month period ended 30 June 2021 have been prepared in accordance with IAS 34 *Interim Financial Reporting*.

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group’s annual consolidated financial statements as at 31 December 2020 and for the year then ended. The interim condensed consolidated financial statements are presented in Kazakhstan tenge, and all amounts are rounded to nearest thousands, except otherwise indicated.

Going concern

The interim condensed consolidated financial statements have been prepared on a going concern basis, which assumes continuation of the course of business, realization of assets and settlement of liabilities in the normal course of business.

Foreign currency translation

Transactions in foreign currencies are initially recorded by the Group’s entities at their respective functional currency spot rates at the date when the transaction first qualifies for recognition criteria. Monetary assets and liabilities denominated in foreign currency are translated at the official exchange rate ruling at the reporting date established by Kazakhstan Stock Exchange (“KASE”) and published by the National Bank of the Republic of Kazakhstan (“NBRK”). All translation differences are recognized in the interim condensed consolidated statement of comprehensive income.

2. BASIS OF PREPARATION (continued)

Foreign currency translation (continued)

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

Foreign exchange rates are presented in the following table:

	30 June 2021 (unaudited)	31 December 2020
US dollar	427.89	420.91
Euro	508.85	516.79
Russian rouble	5.85	5.62

The functional currency of foreign operation KT-IX LLC (Russian Federation) is Russian Roubles. During consolidation the assets and liabilities of foreign operation are translated into tenge at the rate of exchange prevailing at the reporting date and its statement of comprehensive income is translated at exchange rates prevailing at the date of the transactions. The exchange differences arising on the translation are recognised in other comprehensive income.

The following subsidiaries have been included in these interim condensed consolidated financial statements:

	Country of incorporation	Percentage ownership

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

New and amended standards and interpretations

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2020, except for the adoption of new standards effective as at 1 January 2021. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Several amendments apply for the first time in 2021, but do not have an impact on the interim condensed consolidated financial statements of the Group.

Interest Rate Benchmark Reform – Phase 2: Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16

The amendments provide temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR). The amendments include the following practical expedients:

- A practical expedient to require contractual changes, or changes to cash flows that are directly required by the reform, to be treated as changes to a floating interest rate, equivalent to a movement in a market rate of interest;
- Permit changes required by IBOR reform to be made to hedge designations and hedge documentation without the hedging relationship being discontinued;
- Provide temporary relief to entities from having to meet the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component.

These amendments had no impact on the interim condensed consolidated financial statements of the Group as it does not have financial instruments with floating interest rate. The Group intends to use the practical expedients in future periods if they become applicable.

4. RESTATEMENT OF COMPARATIVE INFORMATION

Change in accounting policies

Certain amounts in the interim condensed consolidated statement of comprehensive income for the six month period ended 30 June 2020 and interim condensed consolidated statement of cash flows for the six month period ended 30 June 2020 were restated to reflect the effect of changes in the accounting policy as a result of adoption of the IFRIC agenda decision, as described below.

IFRS Interpretations Committee's agenda decision on cancellable or renewable leases, and related non-removable leasehold improvements

In November 2019, the IFRS Interpretations Committee published an agenda decision on cancellable or renewable leases, and related non-removable leasehold improvements. The conclusions are summarized below:

Lease term

The IFRS Interpretations Committee noted that, in determining the enforceable period of the lease, an entity considers:

- The broader economic and not only the contractual termination payments. For example, if either party has an economic incentive not to terminate the lease such that it would incur a penalty on termination that is more than insignificant, the contract is enforceable beyond the date on which the contract can be terminated;
- Whether each of the parties has the right to terminate the lease without permission of the other party with no more than an insignificant penalty. A lease is no longer enforceable only when both parties have such a right. Consequently, if only one party has the right to terminate the lease without permission from the other party with no more than an insignificant penalty, the contract is enforceable beyond the date on which the contract can be terminated by that party.

If an entity concludes that the contract is enforceable beyond the notice period of a cancellable lease, it should assess whether the lessee is reasonably certain not to exercise the option to terminate the lease.

Useful life of non-removable leasehold improvements

An entity applies IAS 16 in determining the useful life of non-removable leasehold improvements. If the lease term of the related lease is shorter than the economic life of those leasehold improvements, the entity considers whether it expects to use the leasehold improvements beyond that lease term. If the entity does not expect to do so, then, applying IAS 16, it concludes that the useful life of the non-removable leasehold improvements is the same as the lease term. Since the Group's current practice is in line with this clarification, it will not impact on the consolidated financial statements of the Group.

This IFRIC agenda decision should be applied retrospectively and are effective immediately from date of its publication in November 2019.

Effect of agenda decision on the Group accounting policy

The Group re-assessed its accounting for the lease contracts of technical sites with the governmental entities which were previously recognized as short-term leases as the Group applied recognition exemptions for short-term leases as in accordance with paragraph 5 of IFRS 16.

As the Group applies the agenda decision it considers all relevant facts and circumstances that create an economic incentive for the lessee but not only contractual termination penalties, in assessing whether the Group is reasonably certain to extend (or not to terminate) a lease. The Group determined the lease term for technical sites lease contracts with the governmental entities equaled to average useful lives of cellular network stations.

The Group adopted the agenda decision and retrospectively recalculated lease contracts with governmental entities effective as at 1 January 2019, the Group's date of adoption IFRS 16. The right-of-use assets for the leases were recognised based on the carrying amount as if the agenda decision had always been applied, apart from the use of incremental borrowing rate at the date of initial application. Lease liabilities were recognised based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

5. SEGMENT INFORMATION

For management purposes, the Group represents business units based on the organizational structure of the Group and has reportable operating segments as follows:

- Rendering fixed-line telecommunication services by business units of Kazakhtelecom JSC, Vostoktelecom LLP and KT Cloud Lab LLP;
- Rendering mobile telecommunication services in GSM and LTE standards by business units of Khan Tengri Holding B.V. and Kcell JSC.

No operating segments have been aggregated to form the above reportable operating segments.

Management monitors operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss and is measured consistently with operating profit or loss in the consolidated financial statements.

The following tables disclose revenue and profit information for the Group's operating segments for the three and six months ended 30 June 2021 and 2020.

9. IMPAIRMENT TESTING

Goodwill is tested by the Group for impairment annually as at 31 December and when circumstances indicate the carrying value may be impaired. The Group's impairment test for goodwill is based on value-in-use calculations. The key assumptions used to determine the recoverable amount for the different cash generating units were disclosed in the annual consolidated financial statements for the year ended 31 December 2020.

The Group considers the relationship between its market capitalisation and its book value, among other factors, when reviewing for indicators of impairment.

As at 30 June 2021 there were no indicators for impairment of all CGUs, including those CGUs to which goodwill was allocated, therefore, management has not updated any of impairment calculations.

Preferred shares

Holders of preferred shares are entitled to receive annual cumulative dividends of 300 tenge per share, and not less than the amount of the dividends per share paid to holders of common shares. Payment of preferred shares dividends does not require a resolution of Kazakhtelecom JSC shareholders meeting. The discounted value of future cash flows of annual cumulative dividends is recorded as a financial liability as at 30 June 2021 in the amount of KZT 814,868 thousand (31 December 2020: KZT 814,868 thousand).

Dividends

The preferred shares earn a non-discretionary dividend of 300 tenge per share in accordance with the Company's charter documents. Preferred shares are considered to be compound financial instruments, and accordingly the liability and equity components are presented separately in the interim condensed consolidated statement of financial position. Dividends in the amount of KZT 44,818 thousand were accrued as at 30 June 2021 (at 30 June 2020: KZT 44,818 thousand) and are recorded as interest expenses in the interim condensed consolidated statement of comprehensive income (*Note 27*).

On the basis of the decision made at the annual shareholders general meeting of Kazakhtelecom JSC on 30 April 2021, the Company declared dividends on preferred shares based on 2020 results in the amount of KZT 427,525 thousand and dividends on common shares in the amount of KZT 22,925,343 thousand (2020: KZT 142,852 thousand and KZT 10,580,464 thousand, respectively). The dividends accrued on common shares during 2021. Dividends per share (common and preferred) as at 30 June 2021 were equal to KZT 1,730.88 (as at 31 December 2020: KZT 778.11 per common share).

Other reserves

According to the Company's Charter, the Company created a reserve capital equal to 15% of the authorized share capital. This reserve capital was created through appropriation of the retained earnings. There were no movements in the reserve capital at 30 June 2021 and at 31 December 2020.

Foreign currency translation reserve

The foreign currency translation reserve is used to record exchange differences arising from the translation of financial statements of the subsidiaries, whose functional currency is not tenge and whose financial statements are included in these consolidated financial statements in accordance with the accounting policy disclosed in *Note 2*.

Earnings per share

Basic earnings per share are calculated by dividing net profit for the year attributable to common equity holders of the Parent (after adjusting for the after-tax amount of dividends on preferred shares) by the weighted average number of common and preferred shares outstanding during the year.

Diluted earnings per share are equal to basic earnings per share, as the Group does not have any dilutive potential common shares.

The following tables reflect profit and share data used in the basic and diluted earnings per share computations:

23. COMPENSATION FOR PROVISION OF UNIVERSAL SERVICES IN RURAL AREAS

In 2017, the regulatory documents on subsidy were amended. In particular, under the Resolution of the Government of the Republic of Kazakhstan No. 238 dated 2 May 2017, new tender rules for the identification of universal services operators were approved, including the calculation of the subsidy rates and the procedure for the authorised body to assign the obligation to provide universal services to telecom operators, requirements for telecoms operators to provide universal communications services, a list of universal communications services and the recognition of certain decisions which have lost their force, of the Government of the Republic of Kazakhstan.

The tender for the identification of universal services operator was conducted in February 2021 and based on the results of the tender Kazakhtelecom JSC was selected as the universal services operator. As at 30 June 2021 there were no unfulfilled conditions or contingencies attached to these subsidies. The compensation received for the three and six months ended 30 June 2021 was equal to KZT 1,603,384 thousand and KZT 3,206,766 thousand, respectively.

As of 30 June 2020, the Group lacked reasonable assurance that it will be designated as the universal communications services operator and that it will meet all the conditions related to compensation and its receipt as the tender for the identification of universal services operator has not yet been conducted. Accordingly, the Group has not recognised compensation revenue for provision of universal services in rural areas for the three and six months ended 30 June 2020.

29. DISPOSAL GROUP

KT Cloud Lab LLP

On 17 June 2019, the Group announced the decision of its Board of Directors to sell 100% share in the charter capital of KT Cloud Lab LLP through the open two-step tender.

On 13 November 2019, the results of the tender for realization were announced with the selling price of KZT 1,435,000 thousand. The tender winner was selected. In accordance with the tender terms, the conclusion of sale and purchase agreement can only be made after the approval of Samruk-Kazyna, the Parent of the Group. In connection with the introduction of a quarantine and state emergency measures due to the COVID-19 pandemic from March 2020, the approval of Samruk-Kazyna was postponed from April 2020 till the first quarter of 2021. The extension of the period required to complete a sale does not preclude KT Cloud LLP from being classified as held for sale as the delay is caused by the events beyond the Group's control.

On 14 June 2021, the Group has concluded an agreement with the winner of the tender under which payments shall be made in 3 tranches (the first tranche in the amount of 30% of the purchase price within 30 days after agreement signing date, the second tranche in the amount of 35% of the purchase price within 12 months after signing date and the third tranche in the amount of 35% of the purchase price within 24 months after signing date). The transfer of the ownership right is carried out proportionally, while the unpaid and not transferred share is transferred to trust management until full repayment. As at 30 June 2021, the Group did not receive any payment, therefore assets and liabilities of KT Cloud Lab LLP were classified as assets held for sale and liabilities directly associated with the assets held for sale.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)

33. COMMITMENTS AND CONTINGENCIES

Operating environment

In Kazakhstan, economic reforms and the development of the legal, tax and administrative infrastructure that meets the developed markets are still in process. The future stability of the Kazakhstan economy will largely depend on these reforms, as well as on the effectiveness of the Government's actions in the area of economy, financial and monetary policy.

Coronavirus pandemic and market conditions

The coronavirus pandemic left its mark on 2020 and continues to have impact in 2021, requiring businesses to limit or suspend operations and implement restrictions. On 1 July 2021, Ministry of Healthcare performed PCR screening and the Indian strain of COVID-19 was found in all regions and cities of Nur-Sultan, Almaty, Shymkent. Thus, on 1 July 2021 chief state sanitary doctor of the Republic of Kazakhstan introduced new decree, which obliges Akims of regions, cities of Almaty, Nur-Sultan, Shymkent, NPP "Atameken" (as agreed), national companies, heads of organizations, individuals and legal entities, regardless of the form of ownership, operating in the territory of the Republic of Kazakhstan to organize preventive vaccinations of employees with the first component by 10 August 2021 and with the second component of the COVID-19 by 1 September 2021 (except for those who have permanent medical contraindications and have recovered from COVID-19 during the last three months). Admission to full-time work of those organizations for unvaccinated employees is limited.

The measures taken to contain the virus have adversely affected operations activity and disrupted many businesses resulting in significant economic downturn in the markets. As the outbreak continues to progress and evolve, it is extremely challenging to predict the full extent and duration of its impact on the Group's businesses.

33. COMMITMENTS AND CONTINGENCIES (continued)**Coronavirus pandemic and market conditions (continued)**

Whilst the Group's business model is more resilient than many others, it is not immune to the challenges. The Group is experiencing a direct impact on roaming revenues from lower international travel and also expect economic pressures to impact customer revenues over time. However, there is significant increases in data volumes and further improvements in loyalty, as customers place greater value on the quality, speed and reliability of the Group's networks.

The Group's investments in the network infrastructure have paid off throughout the pandemic: networks were running stably even under substantially higher loads. The Group fulfilled its responsibility as an employer by introducing comprehensive rules and protective and supportive measures to help employees work from home while continuing to safeguard service for customers in parallel. At sites and in stores, the Group rolled out strict hygiene and safety measures with the support of hygiene experts.

Based on information available as at 30 June 2021, the management of the Group believes that there were no impairment indicators of its long-term assets. While it is impossible to quantify the long-term impact of the coronavirus pandemic, the Group expects to see appreciable effects on the economy as a whole, while on the other, the pandemic has given a boost to the digitalization trend, which would contribute strengthen the role of the companies in telecommunications and IT sector, and will give impetus to the development of technologies and communication networks.

Capital commitments

The Group generally enters into contracts for the completion of construction projects and purchase of telecommunication equipment. As at 30 June 2021, the Group had contractual obligations in the total amount of KZT 35,978,888 thousand, including VAT (as at 31 December 2020: KZT 33,543,751 thousand, including VAT) mainly related to purchase of telecommunication equipment and construction of telecommunication network.

License commitments

Under the terms of certain licenses on the provision of wireless telecom services, the Group has certain obligations in terms of coverage area of its network. The Group is obliged to expand the cellular telecommunication coverage to the regions along the major highways and small-sized towns and urban-type communities of the Republic of Kazakhstan. The Group's management believes that the Group is in compliance with the terms of the licenses.

Taxation

Tax legislation and regulatory framework of the Republic of Kazakhstan are subject to constant changes and allow for different interpretations. In addition, management believes that international agreements, under which the Group works with non-residents residing in International Telecommunication Union, and which provide for certain tax exemptions, have a priority over national tax legislation. Instances of inconsistent opinions between local, regional and national tax authorities are not unusual. The current regime of penalties and interest related to reported and discovered violations of Kazakhstan's tax laws are severe. Penalties are generally 50-80% of the taxes additionally assessed and interest is assessed at the refinancing rate established by the National Bank of the Republic of Kazakhstan multiplied by 1.25. As a result, penalties and interest can amount to multiples of any assessed taxes. Fiscal periods remain open to review by the authorities in respect of taxes for five calendar years preceding the year of review.

Because of the uncertainties associated with Kazakhstan's tax system, the ultimate amount of taxes, penalties and interest, if any, may be in excess of the amount expensed to date and accrued at 30 June 2021. Management believes that as at 30 June 2021 its interpretation of the relevant legislation is appropriate and that it is probable that the Group's tax positions will be sustained, except as provided for or otherwise disclosed in these interim condensed consolidated financial statements.

Tax risks assessment

In the beginning of 2020, the Group performed recalculation of the tax risk provisions recognized by the Group in previous years. Accordingly, for the six months ended 30 June 2020, the Group recognised reversal of provision on VAT and personal income tax in the amount of KZT 256,782 thousand and KZT 210,827 thousand, respectively, and income from reversal of the tax and related fines and penalties provision in the amount of KZT 34,298 thousand due to expiration of the limitation period (for the three months ended 30 June 2020: income from reversal of the tax and related fines and penalties provision in the amount of KZT 21,600 thousand due to expiration of the limitation period).

In addition, for the six months ended 30 June 2020 the Group recognized reserve on CIT expenses in the amount of KZT 488,380 thousand in the interim condensed consolidated statement of comprehensive income.

New technical regulations

Order No. 91 of the Committee of the National Security dated 20 December 2016 on approval of the *Technical Regulations General Requirements to the Telecommunication Equipment in Ensuring Conducting of Operative Search Measures, Collection and Storage of Subscribers' Information* was published on 7 February 2017 and came into force on 8 February 2018. According to the new regulations, there are additional requirements to the telecommunication equipment that include expansion of technical capabilities of equipment to conduct operative search activities, collection and storage of subscribers' information (hereinafter – "ORA"). Currently, the Group is in the process of modernization of the telecommunication equipment of the Kcell's network in order to comply with the requirements of the Technical Regulations. The Group plans to complete modernization by the end of November 2021 and total amount of capital expenditures in respect to this technical regulation is expected to amount to KZT 5,677,420 thousand. As of 30 June 2021 capital expenditures in respect to this technical regulation incurred by the Group equaled to KZT 3,489,863 thousand.

Customs inspection

On 13 September 2019, the Customs Control Department ("CCD") of Almaty issued an order on initiation of custom audit in relation to the Group's operation for the period 2014-2019. CCD examines the Group's tax reporting documents for the purpose of the revealing of violations on incorrect determination of the customs value of goods and its incorrect classification. On 9 October 2019, CCD suspended the custom audit to allow the Group to prepare required documents. On 9 September 2020, the Group provided the entire package of documents requested by the CCD, which are currently being examined by the auditors of CCD. The ongoing custom audit is related to the revealing of violations of customs regulations, incorrect determination of the customs value of goods, and if violations are identified, the Group may be brought to administrative penalty and be liable to pay appropriate customs charges, including import VAT and late payment fees. On 15 October 2020 the Customs Control Department issued the notice to postpone the customs inspection of the Group for an indefinite period. The Group estimated probability of the outflow of resources embodying economic benefits as probable and accrued provision on additional charge, fines and penalties in the amount of KZT 701,004 thousand.

On 22 April 2021 the custom audit was resumed, and a preliminary report was issued. According to the report, the Group was charged additional VAT charge in the amount of KZT 39,354 thousand and late payment penalty in the amount of KZT 18,184 thousand. The preliminary report was reviewed by the Group.

On 29 April 2021 CCD sent a formal letter regarding the on-site customs audit performed and a notice of audit findings, instructing the Group to pay KZT 57,506 thousand and to amend the customs declarations. In pursuance of the notice, the Group paid additional tax charge and late payment penalty and amended the customs declarations.

On 28 May 2021, the Group sent a letter to the customs authority informing about fulfillment of the requirements stated in the notice. During six months ended 30 June 2021, the Group reversed unutilized part of provision in the amount of KZT 682,820 thousand.

5G services

In accordance with the Order of Committee of competition protection of the Ministry of national economics, the Group has an obligation to start providing 5G services not later than 31 December 2022.

34. SUBSEQUENT EVENTS

On 1 July 2021 the Group has repaid loan obtained from Halyk Bank of Kazakhstan JSC in the amount of KZT 13,000,000 thousand ahead of the schedule.

On 14 July 2021, the Group has receipt the first tranche of payment for KZT 416,500 thousand (equal to 30% of sale price) under the concluded sale agreement of KT Cloud Lab LLP.

On 14 July 2021 the Group additionally acquired notes of the National Bank of the Republic of Kazakhstan in the amount of KZT 12,911,860 thousand.
