KazTransOil opens a branch office in Poland

On December 10, 2025, the Board of Directors of JSC KazTransOil approved the establishment of the Company’s branch office in the Republic of Poland, marking its first representative office within the European Union.

The opening of the branch office is aimed at protecting the interests of JSC KazTransOil in Poland and participating in the organization of transportation of Kazakh oil through the pipeline systems of other countries, including transit through the territory of the Republic of Belarus. The branch will also be responsible for carrying out accounting and custody operations related to the receipt and delivery of Kazakh oil at the Adamova Zastava delivery point for subsequent supplies to European countries.

The implementation of this project is of strategic importance in ensuring stable supplies of Kazakh oil to Germany, including to the refinery in the city of Schwedt, and forms part of the Company’s priority objectives. The opening of the branch office will contribute to the further development of international alternative routes for the transportation of Kazakh oil, enhancing supply reliability and strengthening Kazakhstan’s position in the global energy market.

KazTransOil JSC is the national operator of the Republic of Kazakhstan for the main oil pipeline. It is part of the KazMunayGas JSC NC group. The company owns a diversified network of main oil pipelines with a length of 5.2 thousand km and provides operator services for the maintenance of pipelines owned by third-party organizations, with a total length exceeding 5 thousand km.
