

Press release

Astana, May 25, 2026

JSC KazTransOil announces changes to crude oil transportation tariffs via main pipelines effective July 1, 2026

In accordance with the order of the General Director (Chairman of the Management Board) of JSC KazTransOil dated May 22, 2026, No. 31, tariffs for certain regulated crude oil transportation services via main pipelines to export markets have been approved.

Effective July 1, 2026, the tariffs will be as follows:

- crude oil loading into rail tank cars at the T. Kassymov Oil Pumping Station – 1,292.51 KZT per tonne (excluding VAT), an increase of 79.31 KZT, or 6.5%;
- crude oil transshipment at the T. Kassymov Oil Pumping Station into the Caspian Pipeline Consortium system with crude oil heating – 500.10 KZT per tonne (excluding VAT), an increase of 180.01 KZT, or 56.2%;
- organization of Kazakhstani crude oil transportation through the pipeline systems of other countries (operator activity under unified routing) – 120.34 KZT per tonne (excluding VAT), an increase of 35.87 KZT, or 42.5%.

It should be noted that tariffs for the above-mentioned services have remained unchanged since 2023.

For reference:

KazTransOil JSC is the national operator of the main oil pipeline, part of the group of companies of NC KazMunayGas JSC. It has a diversified network of main oil pipelines with a length of 5.2 thousand km and provides operator services for the maintenance of pipelines of third-party organizations with a total length of more than 5 thousand km.
