PhillipCapital clients gain access to shares traded on KASE

International broker PhillipCapital has granted its clients the access to trading of shares of Kazakhstan's companies listed on KASE.

PhillipCapital clients can buy and sell shares of the issuers, including NC KazMunayGas JSC, Halyk Bank of Kazakhstan JSC and National Atomic Company Kazatomprom JSC, via the broker's mobile app. The operations are conducted through a client's investment account via a local partner.

PhillipCapital's joining expands access to the Kazakhstan's stock market for foreign investors. For the issuers, this means a broader base of potential investors, and for the market in general, it signifies increased liquidity.

KASE is consistently developing interaction with international brokers and financial institutions.

For reference
